NEW UPDATE: Thursday, May 14th, 2020

We continue to be COVID-19 safe (fingers crossed)! Yesterday, Governor Hogan announced the stage 1 re-opening date of Friday, May 15th beginning at 5:00PM. Unfortunately, this does not mean we are open to visitors yet. Please continue to reach out for FaceTime and Zoom Meetings. More information provided at the farther down on this email.

Testing of residents will begin this coming Monday, May 18th. We won't be able to do everyone at once based on the amount of tests that have been provided. Our nurse will begin by testing all of the residents on the 1st and 2nd annex hallways. In the meantime, paperwork is being completed for the other resident halls.

As many know, our nurse is very accomodating when it comes to texts and phone calls. We are asking that during this time, all non-urgent matters be brought to the attention of Bobby Renaud (4437977456 or rmr@collegemanor.com). Please do not text or call Bunny Renaud unless it is an emergency. If you have a non-urgent medical matter that you want Bunny to see, please send an email to cmr@collegemanor.com.

COVID-19 Update

May 14th, 2020

Current Precautions:

Any medical staff entering the building needs to be wearing a mask, have their temperature taken and wash their hands thoroughly/sanitize.

NO VISITORS are allowed at this time. FaceTime, Google Hangouts, Zoom Meetings can be requested for remote video chats with a resident. Please email Bobby Renaud, at rmr@collegemanor.com, with any requests.

All meals will be served in resident rooms. Practice social distancing and do not gather in groups of more than 10 at a time. Stay home if you can.

All Mail and Packages are to be left under the pavilion or outside the main entrance. Please knock or call the front desk when dropping off packages (410-252-0440) and we will deliver to the intended recipient.
