

Community Update 12-14-2020

After the Baltimore County Health Department's determination this afternoon, we are released from our lockdown. Indoor visits for two designated responsible parties (people) are allowed beginning Tuesday, December 15th, 2020. Both visiting parties will be required to provide Negative testing results prior to their visit. These indoor visits do not need to be scheduled and are allowed from 9:00am - 5:00pm, Monday thru Sunday.

Testing would only be needed for the first visit, at this point in time, unless the Baltimore County requires us to test employees/residents on a certain frequency. We advise going to sign up today, one drive-thru testing option can be found by clicking this link

<https://bcwebservices.wufoo.com/forms/covid19-testing-appointments/> . If you have Medicare or are willing to pay the \$75 fee for testing (what our lab charges us), please email Bobby Renaud with: the subject line "Covid Testing", Your Full Name, Date of Birth, SS#, Primary Physician Name, and Medicare Part B # if available.

Consent forms have not been provided by CVS just yet but will need to be signed by Responsible Parties prior to administering the vaccine to residents. The form will be sent by email and posted on our website for electronic signature.

It is important to note that the vaccine is 100% free. Uptake of the vaccine is very important and we hope that all will participate.
