## **Community Update 1-25-2021**

We regret to inform that indoor visitation is in hold for now until we receive test results for two residents at College Manor. Due to a caregiver from Tribute Homecare Services testing positive (Tribute is contracted with certain residents from our community) we have to put a pause on indoor visits including the sunporch for this week. We believe there is a low-risk of exposure for residents and staff at College Manor. We will provide more updates as soon as we have more information.

Please email Bobby Renaud  
[rmr@collegemanor.com](mailto:rmr@collegemanor.com) if you have questions.
