Visiting Inside College Manor

College Manor has opened up visitation to anyone who isn't experiencing symptoms on the day of their visit. We no longer have a limit on the number of visitors allowed for each resident. Masks are still required while inside the building. However, if you are vaccinated and visiting with a resident in their room, you may remove your mask. When any other individual comes into the room, you must put your mask back on.

Care Plan Meetings

Care Plan Meetings are intended for the resident and their responsible parties, to answer any questions or concerns regarding the plan of care. Jessica Riddick schedules meetings which are generally done after the first 30-days of move-in and then on an Annual basis. If questions arise between these times, please email Bunny, Bobby and/or Jessica Riddick. Emails can be found by clicking of the "Contacts" tab at the top of the collegemanor.com home page.
